## **Why CASE Care?**

### **PRIORITY SERVICE**

CASE Care offers you priority service for all your machine's requirements. We minimize downtime by responding within 8 hours. This allows your machine to be more productive.

### **SPECIALIZED SUPPORT**

CASE Care ensures that your machine gets highly specialized support and the right tools and parts throughout the machine's life cycle. Rest assured, your machine is in the right hands.

### **PRO-ACTIVE MAINTENANCE**

Our engineers are trained to keep your machine running at its peak performance. They do this by proactively identifying the areas of concern, using the right tools and parts and mitigating damage due to wear and tear.

### **HIGHER RESALE VALUE**

The usage of genuine parts and CASE trained technicians mean your machine feels as good as new, even after years of use. After all, a well cared for machine has a much higher resale value.

**Choose from flexible CASE Care Programs, to give your machine the best service, everytime!**

**CASE Network**

*A robust dealer network, a fully stocked central warehouse and our well-connected depots help us in the smooth and on-time delivery of parts and services thus decreasing downtime and maximizing productivity and efficiency of your machine.*

**INNOVATION AT YOUR FINGERTIPS**

Our Eagle Eye Telematics system is technology at it's best. It's an intuitive system that gathers critical data about maintenance, tracking, utilization and security of the machine and sends out alerts in real time related to fuel usage, battery, geofencing, engine etc. It's a great way to boost productivity and reduce downtime. It provides measurable and actionable information thus helping you in strengthening your business.
