PUMA 260 CVXDRIVE

With up to 302 hp

When we designed our first Puma more than a decade ago, we had power and reliability in mind.

But today's farming requires more than that. Case IH has listened to countless farmers and contractors – and prioritised what they need most: latest on- and offboard telematics to enhance productivity, lower cost of ownership, quieter and premium operating experience, and better uptime in the fields.

CARRY HEAVIER ATTACHMENTS

- Power up your engine with 302 hp
- Increase capacity to 14,500 kg GVW and with heavy-duty axles
- Greater traction while respecting the soil with 2.05 m rear tyres (710/70 R42)

GET MORE DONE IN LESS TIME

- Get up to 3 extra hours working with +15 % fuel tank capacity
- New colour-coded hydraulic couplings with release levers for quick and easy hitching/switching
- 50 % longer service interval than others keep you farming

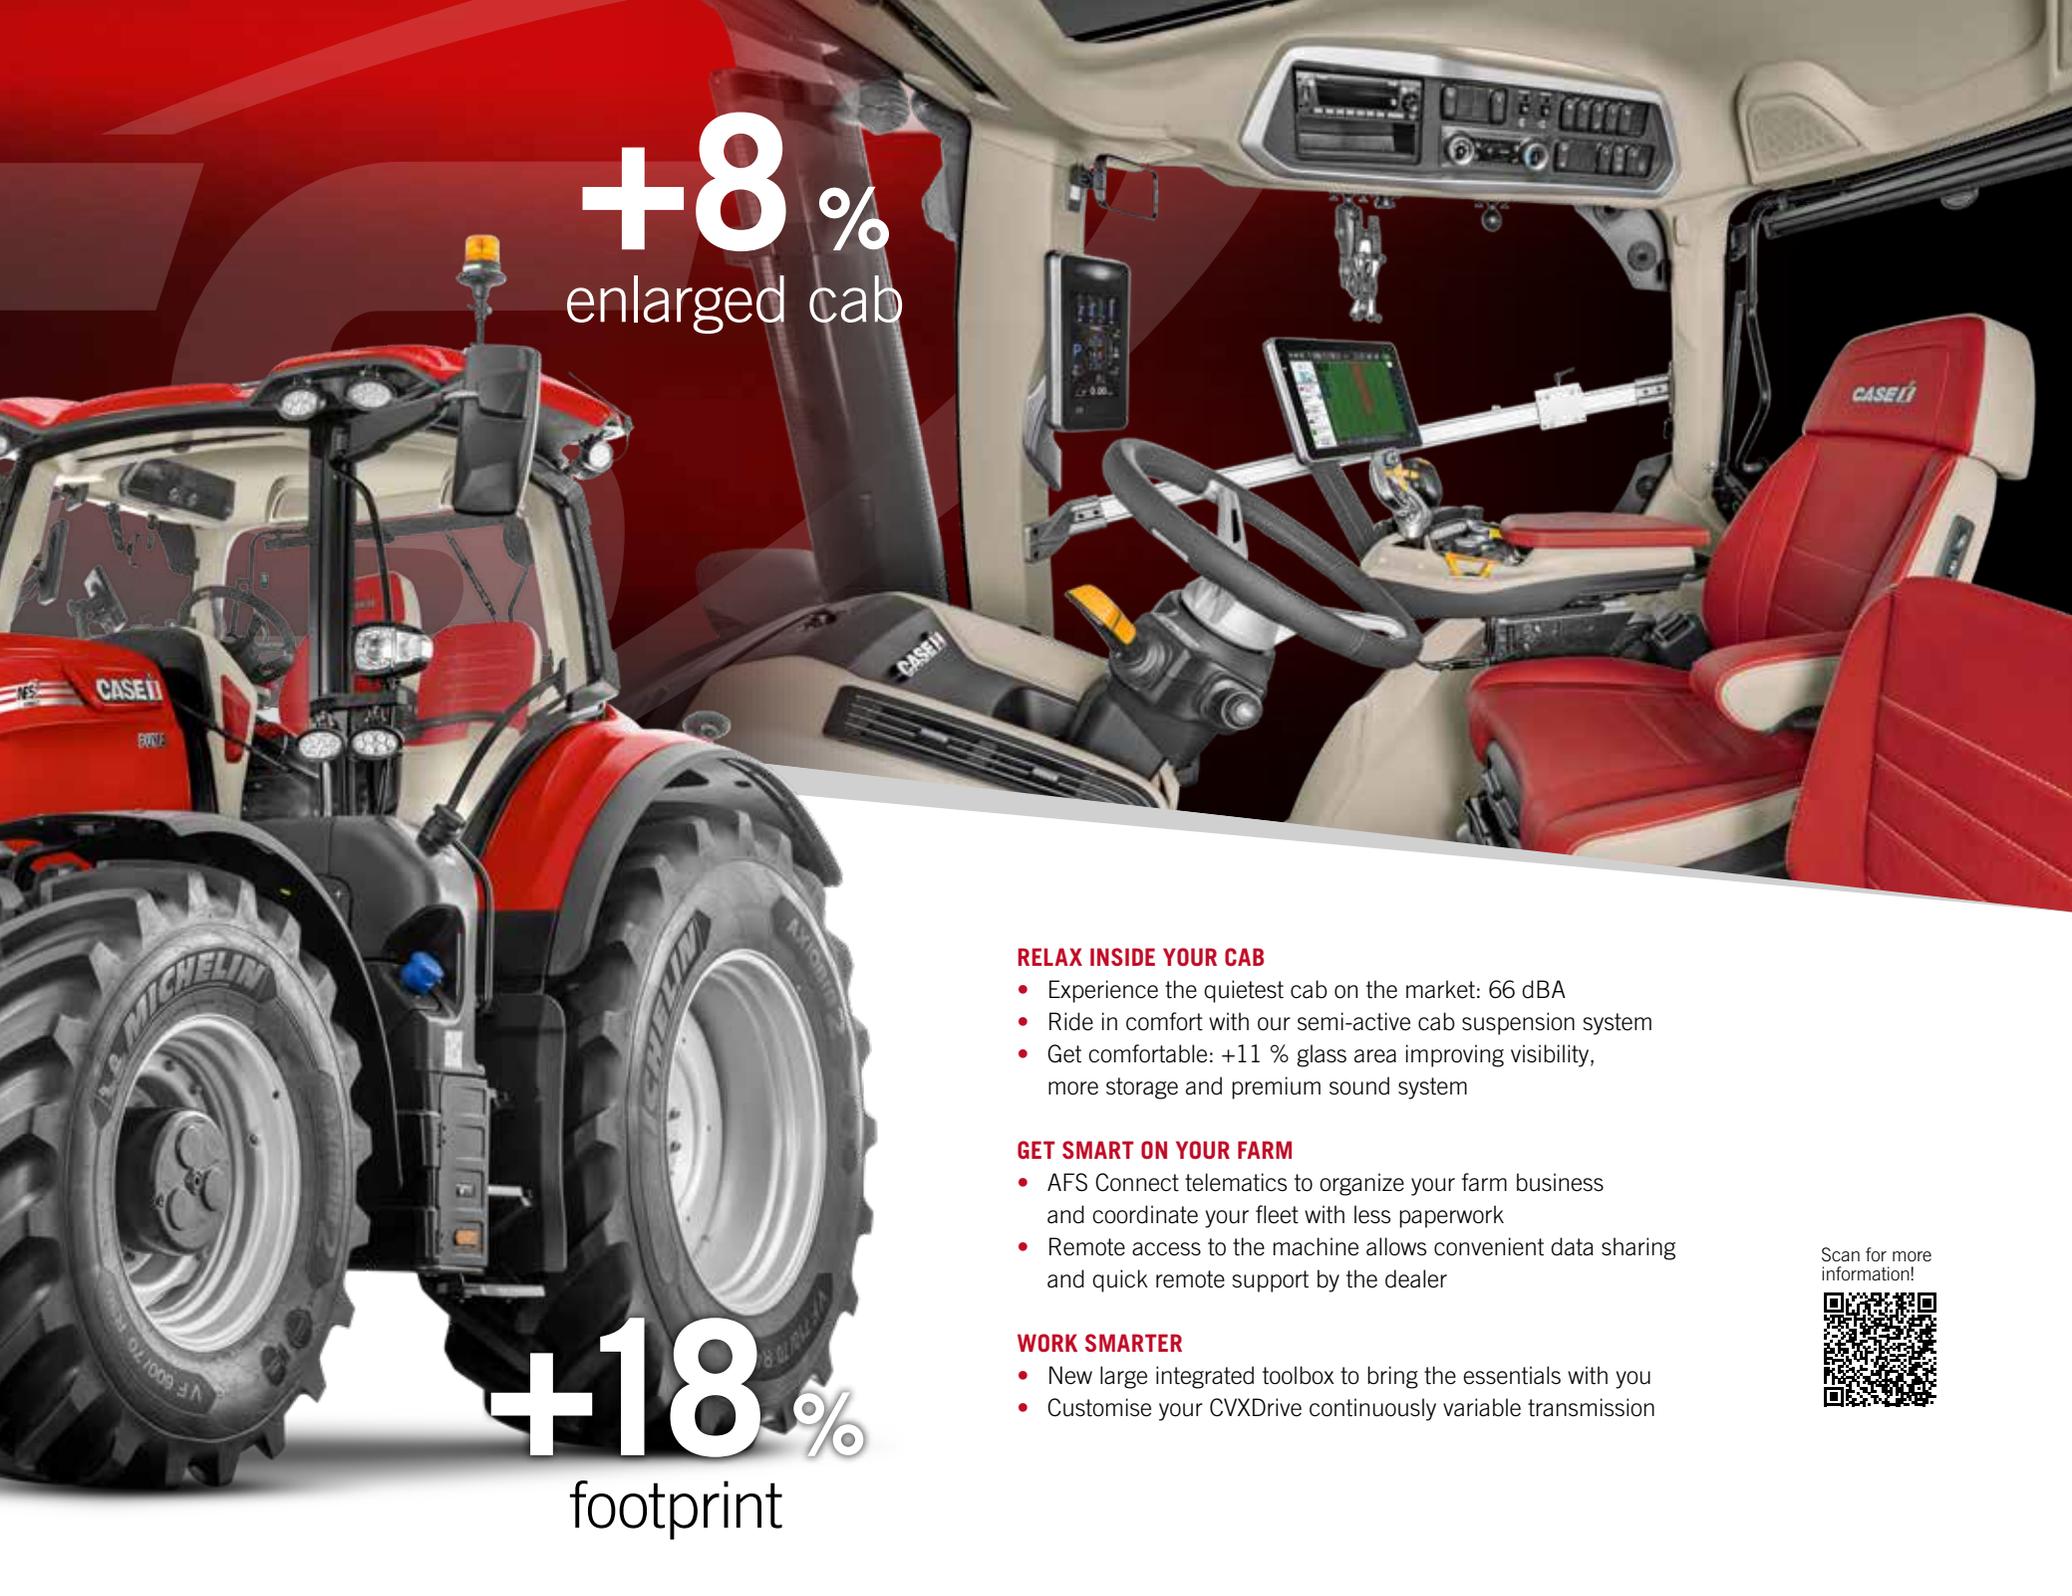

HEAD FOR SAFETY

- New advanced vehicle suspension system (AVS) synchronises semi-active cab suspension, rear hitch, and front axle suspension
- Avoid jack knife situations with the patented Advanced Trailer Brake
