# KEEP YOUR NEW MACHINE UP AND YOUR COST OF OWNERSHIP DOWN

## WHY CASE CARE?

You want your **CASE Machines** to operate always at its best, efficiently and productively, year after year. The **CASE Care planned maintenance program** ensures this happens through **scheduled check ups and maintenance** at regular intervals. A team of CASE experts will take care of your machine using only **Genuine Parts** and **certified lubricants** for complete peace of mind.

## WHAT IS INCLUDED IN THE CASE CARE COVERAGE?

- + Standard planned maintenance as indicated in the operator manual (up to 6 years / 8,000 hours)
- + Genuine Parts and certified Lubricants
- + CASE trained service technicians expertise and labour

For added peace of mind, bundle your CASE Care program with the full **CASE Service Solutions** offering:

### CASE CARE\*

Maximise your machine's uptime and efficiency with this planned maintenance program.

### CASE PROTECT

Avoid unexpected costs with this extended warranty program.

### CASE FLUID ANALYSIS

Ensure your machine's uptime with detailed fluid analysis reporting.

### CASE CONNECTED SERVICES

Boost your machine's profitability by tracking and managing your fleet's operation.
