THE PLANNED MAINTENANCE PROGRAMME **BY STEYR**

Developed by STEYR to make it easier for our customers to manage long term routine maintenance, STEYR Maintenance is a professional and flexible planned maintenance programme.

STEYR Maintenance is available for a wide range of STEYR tractors, covering the planned maintenance operations up to 6,000 hours with flexible duration up to 5 years, depending on the type of machine and on your specific needs.

» Why planned maintenance is so important?

Planned maintenance plays a crucial role in optimizing machine performance and minimizing downtime. Regular inspections and planned operations, performed by skilled technicians according to the manufacturer's standards, ensure efficient and long-lasting equipment operation.

» When to choose STEYR Maintenance?

STEYR planned maintenance programme is available only on new tractor purchases.

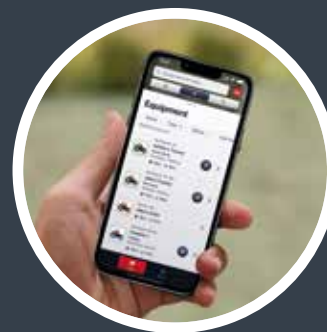

» What does STEYR Maintenance involve?

- Genuine Parts
- Genuine Lubricants
- Specialized STEYR Labour

Expertise

- Qualified and experienced STEYR Dealers' technicians
- First-class maintenance
- Using only Genuine Parts & lubricants

Connectivity

Get your maintenance through connectivity! Many tractors come with connected features and relevant services, such as maintenance reminders, that alert you when it's time for a service or the maintenance history report. All with just a click on your app.

Flexibility

- Tailored to your specific machine and its actual use
- Transferable to a new owner
- Customizable term up to 5 years

Operational Cost control

- Set costs for more effective control of operational expenses
- Increased resale value for your equipment
- Lower consumption of lubricants and fuel

Productivity

- Tractors consistently performing at peak efficiency
- Minimized unplanned downtime
- Long-term performance reliability

STEYR Warranty

For full coverage and total peace of mind ask for extended warranty: up to 6 years without worries, hitches and unexpected costs.

You drive better when you are safe. Before using this vehicle, please read the Operating Manual and become familiar with the use of each of the controls. Note the contents of the instruction panels and use the safety equipment for your own personal safety. This brochure is intended for use internationally. The availability of a few models and of standard and special equipment items may vary from one country to another.

STEYR reserves the right at any time and without prior announcement to make changes to the design and technical version without this in any way obliging STEYR to transfer these to units already sold. Details, descriptions and pictorial material reflect the current status at the date of publication, but can be amended without prior announcement and at any time. Pictorial materials may show certain national versions, items of special equipment as well as non-complete standard versions.
