

Why choose Genuine CASE IH cabin air filters?

ESSENTIAL PROPERTIES OF THE FILTER. A GENUINE CASE IH CABIN AIR FILTER OFFERS TWO KEY ADVANTAGES:

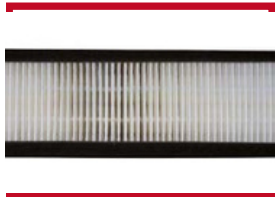

HIGH PRODUCTION QUALITY

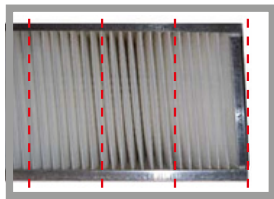

Adaptable filter

Genuine CASE IH filter

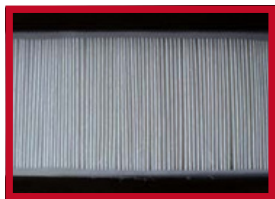

LINEAR JOINT

STANDARD METAL FRAME

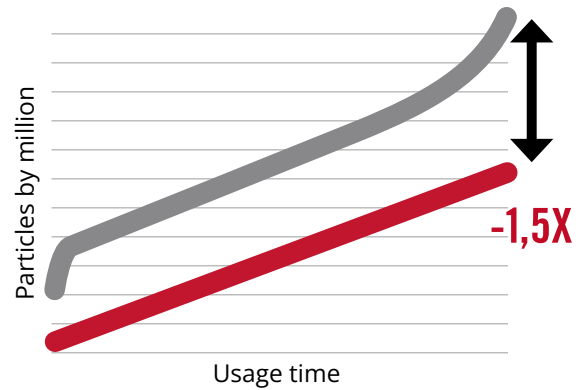

OPTIMAL DENSITY AND SEAL OF LAYERS

HIGH PRODUCTION QUALITY

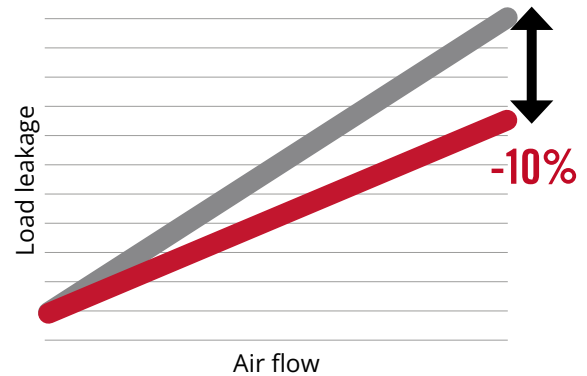

Adaptable filter

■ Genuine CASE IH filter
■ Adaptable filter

The quality of the air coming into the cabin is improved; the amount of dangerous particles which escape from the Genuine filter is reduced by 1.5x in comparison to the adaptable filter option.

■ Genuine CASE IH filter
■ Adaptable filter

Improved ventilation of the cabin and optimisation of heating/air conditioning system function, thanks to a 10% reduction in loss of charge in comparison with adaptable filters.

EACH GENUINE FILTER IS DESIGNED TO FIT YOUR MACHINE PERFECTLY.
