MINI TRACK LOADERS

CASE
CONSTRUCTION

GETTING THE JOB DONE, CASE AFTER CASE.

Every day, the case for CASE Construction Equipment grows stronger — from delivering smart solutions for tough on-site challenges to providing the next generation of builders the tools needed to succeed, CASE machines are backed by more than 180 years of grit, sweat and get-the-job-done efficiency.

That no-nonsense attitude extends to our team, too: with over 300 North American dealer locations, a pipeline of inventors and engineers who will stop at nothing to create swift, smooth machines, service technicians who offer fix-it-right the first time service and an expansive parts inventory available at your fingertips, we're serious about offering steadfast sales, service and support as your construction equipment partner.

Together, we're not just building infrastructure — we're building stronger communities on a rock-solid foundation of hard work, hustle and pragmatic innovation. Because when it comes to helping you achieve your goals, no one will outwork us.

MINI TRACK LOADERS (MTL)

10 Value of Support

A MEGA MINI RIDE-BEHIND YOU CAN RELY ON.

The hardest workers aren't always the biggest — they're the ones who can do any job, do it fast and pivot in a pinch. That's the power of the CASE TL100 mini track loader: it's a loader, lifter, digger, dozer, sweeper, snow blower, grinder and planer in one compact, stand-on package. This small but mighty mini track loader is easy to operate, goes where you need it and fits in tight spaces. It's the perfect addition for anyone needing a tough, transportable machine that takes in jobs and rakes in cash.

LOAD UP ON FLEXIBILITY.

Get behind the joystick of a CASE TL100 mini track loader and you'll see exactly what makes this mini monster a jobsite superstar.

1 HUGE PERFORMANCE. NO SWEAT.

The CASE TL100 runs on an industry-proven Kubota 24.8 hp engine with no DEF or regeneration required, letting you operate smoothly, quietly and efficiently while cutting cost of ownership.

2 STAY ON THE RIGHT TRACK.

Rule concrete, grass, mud or snow with two track options. Narrower 7-in tracks give you maximum leverage in tight spaces, while 10-in tracks offer more flotation and less ground pressure for total stability.

3 GET IN AND GO.

This mini track loader is easy to use — ISO pilot joystick control, thumbwheel auxiliary hydraulics, clear sightlines to tracks and bucket cutting edge all boost your productivity.

4 LIFT HIGHER.

A radial linkage loader arm improves digging performance and cuts down on maintenance, while a 7 ft 2 in hinge pin height gives you clearance for dump trailers.

5

6

7

5 WORRY-FREE MAINTENANCE.

Easy access to both front and back service points make maintenance a breeze. Open up the rugged steel hood to check engine oil, hydraulic oil and coolant. Check the back for fuel and hydraulic fill, battery and battery disconnect.

6 A SMOOTH RIDE-BEHIND.

The back engine and front cooler mean you experience less heat on warm days. Walk-along operation can be switched on for better maneuvering and convenient cup and phone holders come standard.

7 TRAILER UP AND GO.

The compact design of the CASE TL100 means you can take it to the next job at a moment's notice — when you're done, just trailer it and go.

LOTS OF SPECS IN THIS LITTLE LOADER.

SPECIFICATIONS	TL100
Engine	D1305-E4B
Displacement/Cylinders — in³ (L)	77.0 (1.261)
Emissions Certification* Solutions	Stage V
Gross Horsepower — hp (kW)	24.4 (18)
Net Horsepower — hp (kW)	24 (18.0)

NO ONE OUTWORKS US.

The customer doesn't just come first — you're at the center of everything we do. Your local CASE specialists are ready to help you do more of everything you do best: maximizing production, cutting costs and improving safety through a variety of services and technology.

Base & Extended Limited Warranty Coverage.*

- 1-year/Unlimited-hour full-coverage base limited warranty
- 2-year/2,000-hour extended limited engine warranty. Discuss the extended warranty coverage details with your dealer.

CNH CAPITAL Performance Equipment Demands Performance Financing.

From protection plans to customized leasing packages, our financial solutions through CNH Capital are engineered for businesses that don't have time for downtime.

Tech that Delivers.

Command Your Fleet with Telematics

CASE Telematics puts real-time data in your hands. Track location, monitor working status and anticipate maintenance needs across your entire fleet — helping you turn good data into good decisions.

Precision Machine Control that Pays for Itself

SiteControl machine control solutions don't just improve accuracy — they transform profitability. Up your efficiency, productivity and profits anywhere the job takes you.

Local Support. National Strength.

We back tough equipment with even tougher support. With over 300 dealer locations across North America, CASE delivers the right equipment, financing solutions and after-sale support to keep your business moving forward. That's the kind of boots-on-the-ground business support you can expect — and rely on — from CASE.

*See your CASE dealer for limitations, exclusions and confirmation of policies in effect. Engine/EV Batteries warranty coverage provided through CASE. Second year machine warranty coverage applies after base warranty expires.

Protect Your Investment.

PlusCare

Choose service options that match how hard you work. CASE PlusCare protects your equipment investment with customizable maintenance support tailored to your operation's demands. [Scan QR code for more information](#) >

Planned Maintenance Agreements (PMAs)

Get clear, detailed maintenance plans that maximize performance while driving down operating costs, allowing you to focus on what matters — building your business.

Purchased Protection Plan (PPP)

Get protection beyond the base warranty period for both new and used CASE equipment, with flexible payment options and customizable terms through CNH Capital.
