## FieldOps

### CONNECT.

Centralize  
all your machine data  
in one place

### VIEW.

Monitor machine  
& navigate operations  
with ease

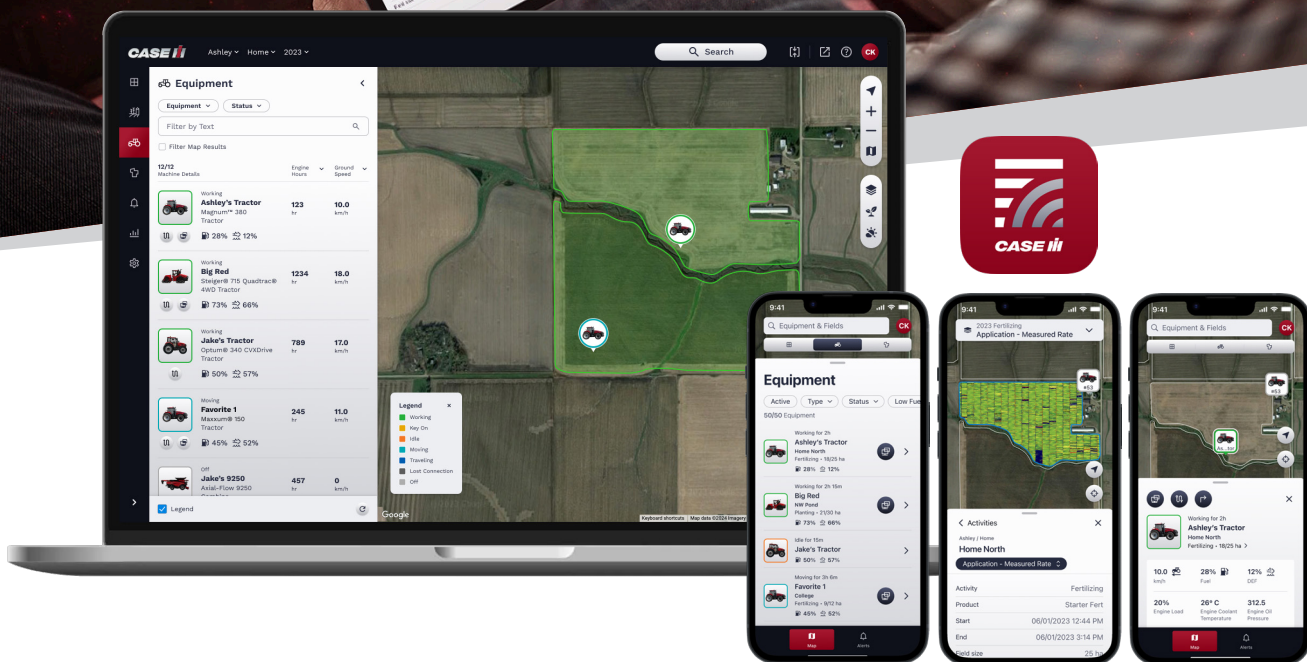

### MANAGE.

Access display remotely  
& near real-time  
decision making

The all-in-one Case IH FieldOps™ simplified platform for all your Case IH and multi-branded equipment to **easily monitor, plan and analyse all operations from anywhere, at any time.** Get access to the CASE IH data management mobile app and web solution and benefit from real-time machine and agronomic data and insights.

# CASE IH

## NEAR REAL-TIME MACHINE MONITORING

- Get precise equipment location and duty status.
- Monitor task completion and view 24-hour machine history.

## MACHINE PERFORMANCE TRACKING

- Improve your fleet's efficiency from anywhere.
- Monitor every detail of your fleet (e.g. telematics, work status, fuel and DEF consumption, engine hours and more) to make near real-time decisions.

## DATA VISUALIZATION

- Quickly view the activities for a given field, turn agronomic data layers into prescriptions and run agronomic reports.
- Set-up data integration between Case IH equipment and third-party systems.

## SUPPORT & SERVICE REMOTELY

- Help your operators make real-time adjustments and troubleshoot issues to maximise your productivity by remotely viewing exactly what they are seeing in the cab.

## HOW TO GET CONNECTED

Create a **free account** to access all features of Case IH FieldOps™!
