ALL THE MAKINGS OF A TRUSTED PARTNER.

Introducing the all-new T7 Standard Wheelbase (SWB): completely redesigned to deliver an unprecedented experience. Now with greater performance and productivity—plus a wider range of options customizable to your needs—the new T7 SWB is positioned to be your trusted partner, no matter what your work day holds.

» Best-in-class driving experience

Improved turning radius, plus brake-to-clutch, low hood design and high-visibility roof for overall driving excellence.

» Outstanding operator comfort

Optimal comfort thanks to a new cab suspension with mechanical, pneumatic and hydraulic options, in conjunction with new front axle suspension system with roll control.

» Uptime-maximizing solutions

Real-time machine and field management through the FieldOps™ farm management platform and industry-leading service intervals to keep you running.

» Fresh, modern design

Sharp, innovative new brand styling, hood and lighting updates, and a redesigned cab with new armrest and controls layout all contribute to a more premium experience.

» Fully customizable

Equipped with the options you need to truly tailor your experience—two transmissions, technology solutions, and a wide range of customizable operator and machine options.
