

GUARDIAN™ FRONT BOOM SPRAYER WITH

# IntelliSense™ Sprayer Automation

Make more *sense* of your applications.

The industry's leading front-boom sprayer plus the most comprehensive application automation system on the market? Some things just make sense.

## Introducing the IntelliSense™ Sprayer Automation system for Guardian™ Series front boom sprayers.

Factory-fit IntelliSense Sprayer Automation enables **live variable rate** and **selective spray** application in one simple system.

- » The most complete package on the market, with seven supported applications: green-on-brown and base & boost, plus harvest aid, nitrogen, PGR, fungicide and burndown VRA modes
- » 140-ft. wide field view and speeds of up to 25 mph for live VRA and 19 mph for selective spray help keep pace with how you work
- » Data collection and reporting functions support the most precise, insight-driven decisions

“

*To see the weeds  
being identified  
on the screen  
real-time as  
you're traveling  
through the field  
is just amazing.*

*- New Holland customer,  
Saskatchewan, Canada*

Precise, targeted  
delivery of inputs

Full boom width  
view, plus speeds to  
match your pace

Convenient,  
intuitive operation

Seven supported  
applications

Actionable field  
data for insight-  
driven decisions

You trust New Holland Guardian sprayers to deliver unparalleled visibility, industry-leading clearance, and sub-inch application accuracy. Now, take your productivity to new heights with the addition of IntelliSense™ Sprayer Automation.
