SAFE*GUARD* WARRANTY

CASE *ii*

CASE *ii*

PROTECT YOUR INVESTMENT FROM THE UNEXPECTED

Safeguard Warranty is Case IH's extended warranty program, offering protection for up to 5 years beyond the standard product warranty period. You can purchase this program when ordering your new Case IH machine. It includes the standard product warranty and extended protection according to your needs (up to 1-5 years).

SAFEGUARD WARRANTY PROGRAM

Safeguard Warranty protects your investment from unexpected repair costs, allowing you to farm with peace of mind, control operating costs, and increase machine resale value. Available for all Case IH tractors, combines, and balers, you can flexibly choose the time period, machine hours, and components to be covered.

SAFEGUARD WARRANTY BENEFITS

- **MANUFACTURER WARRANTY** no insurance provider to deal with
- **FLEXIBILITY** level and duration tailored to your real needs *
- **CONTROL OVER OPERATING COST** no additional cost will be charged during the protection period*
- **QUALITY REPAIRS** all eligible repairs will be carried out using Genuine Parts only and fitted by specialized Case IH dealers' technicians
- **HIGHER RESALE VALUE** maintain the value of your investment
- **TRANSFERABLE** Safeguard Warranty remains with the machine and is transferable to the new owner if sold during the protection period within your country*

FULL COVERAGE FULL PEACE OF MIND.

The entire machine is covered under the same conditions of the standard base warranty.

SAFEGUARD WARRANTY COVERAGE

Customize the program according to your needs, depending on your model and its real usage, giving you the flexibility to obtain protection that best suits you.

DRIVELINE COVERAGE

GOOD STARTING POINT.

Choosing this option – from the engine to the ground – you will have more than 4000 types of failure codes covered.

LET OUR REAL TESTIMONIAL CONVINCE YOU OF THE BENEFITS OF TRUSTING SAFEGUARD WARRANTY!

A customer brought his Puma CVX 200 to the workshop because it was unable to reverse. The workshop took the following steps to resolve the issue:

Complaint: Unit not reversing.

Workshop Diagnostics and repair:

- > Tractor not reversing but able to drive forward: check for error codes with EST tool.
- > Carry out transmission calibration: unable to calibrate clutch.
- > EST diagnostic tool monitoring and checking transmission pressure: found clutch pressure loss.

Solution: Replacement of the clutch

Parts Cost	€ 2,942.91
Labour Cost	€ 2,626.65
TOTAL REPAIR COST	€ 5,569.56

SAFEGUARD WARRANTY & MAINTENANCE THE UNBEATABLE TEAM

To benefit from the Safeguard Warranty cover, maintain Case IH equipment and attachments as per Case IH recommendations, procedures, and scheduled maintenance intervals (invoices will be requested from your Case IH dealer in accordance with the SAFEGUARD WARRANTY Terms & Conditions).

So why not take advantage of SAFEGUARD MAINTENANCE, the Case IH planned maintenance program.

In addition to the maximum protection for your investment, you can be sure of a machine that is always performing and productive, serviced by expert technicians using only genuine Case IH parts and lubricants.

(*) Safeguard Warranty Program may vary depending on the country. Please refer to your Case IH dealer for contract terms, conditions, and applicability in your country.
